

Beauty's best friend: Facials by Jude

Face the facts. Beauty is always under attack. Mother Nature, Father Time and a host of other foes ceaselessly conspire to steal the luster of your formerly flawless skin. Facelifts and Botox Cosmetic aren't for the faint of heart; various lotions, potions and over-the-counter creams frequently fail to measure up. Why not opt instead for a far more soothing, natural approach to a perfect appearance at the hands of expert esthetician Jude Cunningham?

An Oxford resident for nearly two decades, Jude's Facials by Jude -- located inside the 12-year-old Downtown Salon, 40 S. Washington Street directly north of Oxford 7 theater -- specializes in facials. Combining the latest technology, professional hydrating and a healthy dose of tender loving care, Jude offers a variety of 90-minute facials as unique as the needs of her customers, both men and women of all ages.

"Great looking skin is the start to any good first impression, in our personal and professional lives. There's no easier way to boost your self-confidence in any setting," said Cunningham. "While you feel better about yourself, we affordably turn back time by dramatically improving the tone, texture and moisture balance for any complexion."

Galvanic treatments can be added to any facial, addressing skin conditions related specifically to congestion and extreme dehydration. Glycolic facial peels are also available to reduce skin oil, which in turn combats skin impurities.

Facials are a focus, but Cunningham also addresses the whole body experience. A full array of waxing services is available, from the eyebrows to the knuckles and toes, and everything in between.

Call Jude today at (248) 736-2343 to schedule a free skin consultation. She offers flexible hours Tuesdays, Fridays and Saturdays. Learn more about Facials By Jude by visiting the website www.facialsbyjude.com
